### RESOLUTION NO. 01192017

WHEREAS, on June 27, 2006, the Pennsylvania legislature passed Act 1 of Special Session 2006, entitled the "Taxpayer Relief Act" (hereinafter "Act");

WHEREAS, Act 1 requires school districts to limit tax increases to the level set by an inflation index unless the tax increase is approved by voters in a referendum or the school district obtains from the Department of Education or a court of common pleas certain referendum exceptions;

WHEREAS, Act 1 does, however, allow a board of school directors to elect to adopt a resolution indicating that it will not raise the rate of any tax for the support of the public schools for the following fiscal year by more than its index, provided this resolution must be adopted no later than 110 days prior to the date of the election immediately preceding the upcoming fiscal year;

WHEREAS, the Blackhawk School District adjusted index for the 2017-2018 fiscal year is 3.3% or approximately 2.13 mills for Beaver County and .68 mill for Lawrence County Municipalities within the district; and

WHEREAS, the Blackhawk School District Board of Directors has made the decision that it shall not raise the rate of any tax for the support of the District for the 2017-2018 fiscal year by more than its index.

NOW THEREFORE, on this 19<sup>th</sup> day of January, 2017 it is hereby RESOLVED by the Blackhawk School District (hereinafter "District") Board of Directors (hereinafter "Board") the following:

- The Board certifies that it will not increase any school district tax for the 2017-2018 school year at a rate that exceeds the index as calculated by the Pennsylvania Department of Education.
- The Board certifies that it will comply with the procedures set forth in Section 687, of the Pennsylvania Public School Code (hereinafter "School Code"), 24 P.S. Article VI, Section 687, for the adoption of its proposed and final budget.
- 3. The Board certifies that increasing any tax at a rate less than or equal to the index will be sufficient to balance its final budget of the 2017-2018 fiscal year.

- 4. The Administration of the District will submit the District's information on a proposed increase in the rate of a tax levied for the support of the District to the Pennsylvania Department of Education on the uniform form prepared by the Pennsylvania Department of Education no later than five days after the Board's adoption of this Resolution.
- 5. The Administration of the District will send a copy of this Resolution to the Pennsylvania Department of Education no later than five days after the Board's adoption of this Resolution.
- 6. The Board understands and agrees that by passing this Resolution it is not eligible to seek referendum exceptions under Section 333 (f) of Act 1 and is not eligible to request approval from the voters through a referendum to increase a tax rate by more than the index as established for the 2017-2018 fiscal year.
- 7. Once this Resolution is passed, the Administration of the District is not required to comply with the preliminary budget requirements set forth in paragraphs (a) and (c) of Section 311 of Act 1. Provided, however:
  - a. The Board understands and agrees that, upon receipt of the information submitted by the District as set forth in paragraphs 4 and 5 above, the Pennsylvania Department of Education shall compare the District's proposed percentage increase in the rate of the tax with the index.
  - b. Within ten days of the receipt of this information, the Pennsylvania Department of Education shall inform the District whether its proposed tax rate increase is less than or equal to the index.
  - c. If the Pennsylvania Department of Education determines that the District's proposed increase in the rate of the District's tax exceeds the index, the District is subject to the preliminary budget requirements as set forth in paragraph (a) and (c) of Section 311 of Act 1.

## **Transportation Procedures Agreement**

To ensure the educational stability of Foster Care Youth: Every Student Succeeds Act (ESSA) requirements

This Memorandum of Understanding (MOU) addresses transportation related provisions. Additional policies may be added to address the unique needs of each collaboration between the Local Education Agency (LEA)/County Children and Youth Agency (CCYA) in order to ensure the educational stability of foster care youth. Note: this MOU is not a local transportation plan. It is an agreement between the LEA and CCYA to collaboratively design a local transportation plan.

Purpose:	
The purpose of this agreement i	s to establish transportation procedures between
(LEA) and	(CCYA) to ensure the provision of transportation for foster care
youth enrolled in a LEA (Pre-K-1	12) when a best interest determination indicates that the student should
remain in the school of origin, ar	nd alternative means of transportation to and from school have been fully
explored and deemed unavailab	ıle.

### Joint Responsibilities:

- The LEA and CCYA agree to collaborate to update or establish formal mechanisms to ensure that the LEA is promptly notified when a child enters foster care or changes foster care placements.
- The LEA and CCYA agree to collaborate to jointly design a comprehensive transportation plan to ensure that transportation for children in foster care is provided, arranged, and funded.
- Both parties agree that under no circumstances shall a transportation dispute between party's delay or interrupt the provision of transportation for a child to the school of origin.
- Both parties agree to communicate regularly and share leadership responsibilities at the local level to ensure that available resources for transportation are utilized in the most effective manner, without duplication.
- Both parties agree that transportation must be provided in a "cost effective" manner so low-cost/no-cost options should be explored. (e.g. pre-existing bus stops or public transportation, foster parents provide transportation, transportation by other programs if child is eligible)
- Both parties agree to maintain confidentiality of information regarding children and families being served, in accordance with the Family Education Rights and Privacy Act (FERPA), and all other State and Federal laws and regulations regarding confidentiality.
- Both parties understand that all federal, state and local funding sources should be maximized to ensure transportations costs are not unduly burdensome on one agency.

- Establish a Foster Care Point of Contact (POC) given the importance of transportation to ensure educational stability requirements defined by the Every Student Succeeds Act (ESSA).
- Share the Foster Care POC's contact information with state and local education and child welfare agencies.
- Understands that even if an LEA does not transport other students, it must ensure that transportation is provided to children in foster care, adhering to the collaboratively designed transportation plan.
- Acknowledges that Title I is an allowable funding source for additional transportation costs, although funds reserved for comparable services for homeless children and youth may not be used for transportation.
- Informs the CCYA whether Title I funds are available to support additional transportation costs for children in foster care in order to maintain enrollment in their school of origin.
- Agrees, if applicable, to support additional transportation costs for eligible foster care youth utilizing funds made available within Title I.
- Understands that if there are additional costs providing transportation for children in foster care to remain in his or her school of origin, the LEA (school of origin) will provide such transportation if (1) the county children and youth agency agrees to reimburse the LEA for the cost of transportation; (2) the LEA agrees to pay for the additional costs; or (3) the LEA and county children and youth agency agree to share the costs.
- Agrees that a child must remain in his or her school of origin while any disputes are being resolved.

# **Lawrence County Educational Best Interest Determination**

### Memorandum of Understanding

### Between

### And

## **Lawrence County Children and Youth Services**

Both parties to this agreement understand that children in foster care should remain in their school of origin unless there is a determination that it is not in the child's best interest to attend the school of origin. The following steps will be taken to determine the educational best interest of each child:

- 1. When a student is placed by Lawrence County Children Services or when a change in placement occurs, the caseworker assigned to the case will notify the point of contact at the school of origin (the school that the child presently attends) and the point of contact at the school in the area of the new placement prior to the end of the next school day.
- 2. The Lawrence County Children Services' point of contact will then contact the school of origins' point of contact and the point of contact at the school in the area of the new placement. A meeting or a phone conference will then be scheduled to take place within seven school days of the date of placement. The purpose of this meeting will be to determine the educational best interest of the child by determining which school the child should attend. The child will continue to attend the school of origin until the educational best interest is determined. In instances where the transportation of the child from the placement to the school of origin is in excess of forty five minutes, efforts will be made to schedule the educational best interest meeting within three days of the placement.
- 3. Individuals who attend the best interest determination meeting will share information in order to determine which school is in the child's best interest. The following is a list of individuals who may attend the meeting. The Lawrence County Children Services point of contact, the Lawrence County Children Services Caseworker, the school of origin point of contact, the point of contact for the school in the area of the placement and when appropriate the transportation coordinator from the school of origin and other school personnel, the biological parents of the child, the educational decision maker, the current caretakers of the child, the child's guardian ad litem, the child's attorney, and the child.
- 4. The school placement form that is attached will be used as a guide in making the best interest determination. Transportation costs should not be considered when determining a child's best interest.

5.	If it is determined that the child should remain in the school of origin, transportation should be discussed and arranged so that the child's attendance at school is not disrupted. The

### <u>Purpose</u>

The Board recognizes that the abuse of controlled substances is a serious problem with legal, physical and social implications for the whole school community. As an educational institution, the schools shall strive to prevent abuse of controlled substances.

### **Definitions**

For purposes of this policy, **controlled substances** shall include all:[1][2]

- 1. Controlled substances prohibited by federal and state laws.
- Look-alike drugs.
- 3. Alcoholic beverages.
- 4. Anabolic steroids.
- 5. Drug paraphernalia.
- 6. Any volatile solvents or inhalants, such as but not limited to glue and aerosol products.
- 7. Substances that when ingested cause a physiological effect that is similar to the effect of a controlled substance as defined by state or federal laws.
- 8. Prescription or nonprescription (over-the-counter) medications, except those for which permission for use in school has been granted pursuant to Board policy.[3][4]

For purposes of this policy, **under the influence** shall include any consumption or ingestion of controlled substances by a student.

For purposes of this policy, **look-alike drug** shall include any pill, capsule, tablet, powder, plant matter or other item or substance that is designed or intended to resemble a controlled substance prohibited by this policy, or is used in a manner likely to induce others to believe the material is a controlled substance.

# <u>Authority</u>

The Board prohibits students from using, possessing, distributing, and being under the influence of any controlled substances during school hours, at any time while on school property, at any school-sponsored activity, and during the time spent traveling to and from school and to and from school-sponsored activities.[5][6][7]

The Board may require participation in drug counseling, rehabilitation, testing or other programs as a condition of reinstatement into the school's educational, extracurricular or athletic programs resulting from violations of this policy.

In the case of a student with a disability, including a student for whom an evaluation is pending, the district shall take all steps required to comply with state and federal laws and regulations, the procedures set forth in the memorandum of understanding with local law enforcement and Board policies. [8][9][10][11][12][13]

### Off-Campus Activities

This policy shall also apply to student conduct that occurs off school property and would otherwise violate the Code of Student Conduct if any of the following circumstances exist:[14]

- 1. The conduct occurs during the time the student is traveling to and from school or traveling to and from school-sponsored activities, whether or not via school district furnished transportation.
- 2. The student is a member of an extracurricular activity and has been notified that particular off-campus conduct could result in exclusion from such activities.[15][16]
- 3. Student expression or conduct materially and substantially disrupts the operations of the school, or the administration reasonably anticipates that the expression or conduct is likely to materially and substantially disrupt the operations of the school.
- 4. The conduct has a direct nexus to attendance at school or a school-sponsored activity, for example, a transaction conducted outside of school pursuant to an agreement made in school, that would violate the Code of Student Conduct if conducted in school.
- 5. The conduct involves the theft or vandalism of school property.
- 6. There is otherwise a nexus between the proximity or timing of the conduct in relation to the student's attendance at school or school-sponsored activities.

## **Delegation of Responsibility**

The Superintendent or designee shall develop administrative regulations to identify and control substance abuse in the schools which:

- 1. Establish procedures to appropriately manage situations involving students suspected of using, possessing, being under the influence, or distributing controlled substances.[17][18][19]
- 2. Disseminate to students, parents/guardians and staff the Board policy and administrative regulations governing student use of controlled substances.
- 3. { } Provide education concerning the dangers of abusing controlled substances.
- 4. { } Establish procedures for education and readmission to school of students convicted of offenses involving controlled substances.

### **Guidelines**

Violations of this policy may result in disciplinary action up to and including expulsion and referral for prosecution.[14][20]

The Superintendent or designee shall immediately report required incidents and may report discretionary incidents involving possession, use or sale of controlled substances on school property, at any school-sponsored activity or on a conveyance providing transportation to or from a school or school-sponsored activity to the local police department that has jurisdiction over the school's property, in accordance with state law and regulations, the procedures set forth in the memorandum of understanding with local law enforcement and Board policies.[17][18][21][22][23][13]

The Superintendent or designee shall notify the parent/guardian of any student directly involved in an incident involving possession, use or sale of controlled substances as a victim or suspect immediately, as soon as practicable. The Superintendent or designee shall inform the parent/guardian whether or not the local police department that has jurisdiction over the school property has been or may be notified of the incident. The Superintendent or designee shall document attempts made to reach the parent/guardian.[21][24][13]

In accordance with state law, the Superintendent shall annually, by July 31, report all incidents of possession, use or sale of controlled substances to the Office for Safe Schools.[18][13]

In all cases involving students and controlled substances, the need to protect the school community from undue harm and exposure to drugs shall be recognized.

{ } No student may be admitted to a program that seeks to identify and rehabilitate the potential abuser without the intelligent, voluntary and aware consent of the student and parent/guardian.

### Anabolic Steroids

The Board prohibits the use of anabolic steroids by students involved in school-related athletics, except for a valid medical purpose. Body building and muscle enhancement, increasing muscle bulk or strength, or the enhancement of athletic ability are not valid medical purposes. Human Growth Hormone (HGH) shall not be included as an anabolic steroid.[25]

Students shall be made aware of the dangers of steroid use; that anabolic steroids are classified as controlled substances; and that their use, unauthorized possession, purchase, or sale could subject students to suspension, expulsion and/or criminal prosecution.[26][20]

### Reasonable Suspicion/Testing

If based on the student's behavior, medical symptoms, vital signs or other observable factors, the building principal has reasonable suspicion that the student is under the influence of a controlled substance, the student may be required to submit to drug or alcohol testing. The testing may include but is not limited to the analysis of blood, urine, saliva, or the administration of a Breathalyzer test.

### NOTES:

Maintenance – make sure any drug testing policy has been reviewed by district solicitor. See Andrews & Price memo for guidance.
